DETAILED ACTION

1. Claims 1-34 are pending.

Response to Arguments

1. Applicant's arguments filed 7/7/2008 have been fully considered and they are persuasive.

Specification

2. Changes made to the specification on 7/7/2008 have been considered by the Examiner.

Claim Objections

3. Claim 21 is objected to because of the following informalities: the terms "those statements" and "themselves" should apparently be replaced with --said statements-- to improve clarity.

Appropriate correction is required.

Claim Rejections - 35 USC § 101

4. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

5. Claims 21-28 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Claim 21 fails to fall within a statutory category of invention. It is unclear whether claim 21 is a machine, a manufacture, or a method. Therefore, it's non-statutory under 35 USC 101.

Claim 26 fails to fall within a statutory category of invention. Claim 26 recites non-functional descriptive material stored on a medium. Therefore, it's non-statutory under 35 USC 101.

Claim Rejections – 35 USC § 112

6. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

7. Claims 21-25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The body of claim 21 recites method steps but the preamble does not appear to be a method. Furthermore, the phrase “an improvement comprising” is confusing. It should read as --the improved methodology comprising-- and then this would be a method claim and even be statutory.

Allowable Subject Matter

8. Claims **1-20 and 29-34** are allowed.
